

TRANSLATION OF G.45/1943, FESTUNG EUROPA

OBVERSE:

FORTRESS OF EUROPE

This is the sort of thing that is to stop the invasion from the West.
(Picture of Flakestung in the Channel)

...and this was to stop the invasion from the South.
(Picture of the completely smashed up harbour of Pantelleria)

REVERSE:

THE FORTRESS OF EUROPE HAS NO ROOF

The RAF today is stronger than the German and Italian air forces combined. America produces more aeroplanes than Germany, Italy, and Japan together.

The RAF on the night of 23/24 May, 1943, in one hour, dropped twice the amount of bombs on Dortmund that the Luftwaffe dropped in six months from 1 January to the 30 June, 1943 on the whole of England.
